Customer Notes

1) Make the pin wheel and the welcome message fit on screen at the same time with out scrolling

2) Liked Quing's Idea better for use of the accordion with questions to engage and track users more. (Colleen liked the questions and Scott liked how it affords analytical analysis)

3) They loved the All SDGs page so no need to change much there

4) Add a menu in the footer for easier navigation

5) If user clicks on tile in the All SDG page then they will be taken to its detail page with the graphs.

6) Liked the usage of Tabs for dividing sub-categories

7) Thought the website was already quite polished (Pat on back)
